

ALICE

Boxer/ Hound Mix

Alice is thought to be about 4 months old and weighs approximately 16 lbs. We are not sure as to her breed other than "cute"! She is pretty much crate trained (sometimes still needs encouragement to go in) but once in, does well. She sleeps in her crate all through the night, without a problem. Alice is working on her house training and starting to get it down! She gets along with the other 5 dogs in her foster home very well. She would love to play with the 2 resident cats, but is learning they are not as fond of her. She loves to cuddle too. Alice is a very sweet girl!

Since we don't know at all what doggy genes are in the dogs make up (we don't know who mom & dad are!), we are guessing on breed and size when grown.

CORA

Boxer/Shepherd Mix

Cora is a sweet, beautiful girl who came to us very shy. She tries very hard to be brave, but some things still are scary for her. Over the time she has spent with them, her foster family has gained her trust and with them she is sweet, silly and playful! She loves to snuggle in bed at night and now will seek out love and attention from them. She loves to play chase with her furry foster siblings and to roll around and wrestle with them for toys.

Cora has gotten along excellent with both larger dogs and smaller dogs, with no issue. She will need another non-aggressive dog in her new home to feel most comfortable and to teach her the routine, and help her trust her new people. She is still working on her potty training and is comfortable with being in her crate when home alone. She is definitely a special little girl who will make the right family fall hopelessly in love with her! Cora is estimated to be 1 year old.

Since we don't know at all what doggy genes are in the dogs make up (we don't know who mom & dad are!), we are guessing on breed and size when grown.

He is learning how to sit, and takes treats ever-so-gently.

He sleeps at the foot of the bed at night, and loves to cuddle. He would be a great dog to take to work with you, as he is very much a gentleman and would love lying on the floor next to you while you work. He is calm, gentle and incredibly sweet. He is flourishing with good love and care in his foster home. He is putting on weight and his fur is soft and shiny. This big boy currently weighs 78 pounds and is working on getting to the weight he should be at, closer to 100 pounds. He knows sit, down, stay and come.

He is a smart lab mix who loves people and other dogs. He mostly likes to nap on the couch or floor, and chew on an occasional bone. He is a gentle giant of a dog who deserves a great retirement home where he will be loved and cherished, as he should have been his whole life.

We cannot change his past but we are looking for someone who can change his future. Is there a place in your home for an older gentleman to rest his head, take in all the belly rubs, ear scratches and snuggle up time possible and make up for some lost years? Luna is about 3 years old, and about 10lbs right now, but could stand to gain a little more weight. Luna is very smart and treat oriented, and really wants to please. OLIVE:

Hound/Retriever Mix

Olive recently joined our rescue but has won our hearts never the less. She has the biggest brown eyes that see right to your soul when she looks into yours. She is a bashful girl, but just really wants someone to love her and she will love you unconditionally in return.

RAIN: Beagle/Rat Terrier Mix

Rain is sweet and has good energy, not too much, just enough! She LOVES to play fetch and to chew on her rope toys. She is house-trained, knows "sit" and "down", and is easy on a leash. She is a lively little girl (16 pounds), but she also settles down well and curls up next to you on the couch while you read or watch TV. She sleeps in her crate at night without any fuss and we have been keeping her in her crate when we leave the house, too.

Rain is very smart, eager to please, and is very well-adjusted! She has been great with people and kids we have met, and is social and friendly with the dogs we have introduced her to. She has a happy-go-lucky personality and has not gotten into any mischief around our house (yet!) Rain is a total sweetheart and awesome girl all around. She is so fun to have and brings a smile and laugh every day. Rain would do best in a home without cats as she is a little too interested and overzealous about them. She is estimated to be 1-2 years old and weighs 16 pounds.
